

**INTERNET PRINT MANAGING SYSTEM AND METHOD
WITH PRINT SERVICES STATISTICAL ANALYSIS**

5

Abstract of the Disclosure

A system and method of managing print services provided by a print provider includes defining a network communication link between the print provider and a print managing system controller having the print services provided by the print provider registered therewith. The print managing system controller collects data related to the print services provided by the print provider and analyzes the data related to the print services provided by the print provider.
